

Memo

To: All Legacy Clubs
From: CEO, Legacy Australia Inc.
Date: 8 April 2020
Subject: **Kokoda 2020 – Our Challenge, Their Legacy: POSTPONED**

Regrettably, *Kokoda 2020 – Our Challenge, Their Legacy* has been postponed to 2021. Given the COVID-19 pandemic, the Legacy Australia Inc. Board has made the difficult decision to postpone the project. The health and safety of our beneficiaries and their ADF Mentors, were at the forefront of this decision.

With the closure of international borders; Defence Health's underwriter Allianz, withdrawing our travel insurance product; the indefinite closure of the Kokoda Trail; and No Roads, our tour operator, have ceased all activities until at least 30 June 2020. It was inevitable that the project would need to be postponed. The Legacy Australia Inc. Board was optimistic for a favorable decision, however, it is not possible during these times to execute such a program.

In due course, I will write to Clubs with dates for 2021. The 31 beneficiaries from around the country who were selected for Kokoda 2020, will be given priority for selection in 2021.

Thank you to our beneficiaries who applied and to the Legatees and staff who supported their application.

Yours sincerely,

Scott Warr
Chief Executive Officer
